BEFORE YOU REACH OUT

A few things couples usually ask

How far will you travel?

Anywhere in the Kawarthas, Peterborough, Durham, or Barrie without a travel fee. Further than that, including destination weddings, just ask. I've shot in Costa Rica and Mexico and I'm always up for it if the timing works.

Do you do elopements or micro-weddings?

Yes, shorter coverage, smaller price, same attention. A lot of my favourite days have been the small ones.

What if it rains, or your gear fails?

I shoot with backup bodies and lenses on every wedding, and weather has never once cancelled a day, just changed the plan. Rain makes for some of the best photos, honestly.

How far in advance should we book?

As soon as you have a date and venue. Popular Saturdays in peak season (June–October) go first, but if your date's soon, reach out anyway — worth a quick check.

How many photos do we get, and how long until delivery?

Expect several hundred fully edited images from a full day, delivered as an online gallery you can download and share. Typical turnaround is a few weeks, I'll give you an exact timeline when we talk.

Ready to check your date?

No obligation, just a real answer — usually within a day or two.
